

Translation:

Sad and very angry  
was the queen of Troy  
to see her children dead  
and her city destroyed,  
and the beautiful Polixena  
decapitated in the temple  
on the tomb of Achilles,  
sacrificed by Pirrus.  
Oh traitor!  
How could you exact  
such a malicious vengeance on a woman?  
Was her beauty not enough  
to counter your cruel sword?
