1) 2 rhythm flags double value in orig. Same in bar 10.

Deleted measures

30

These measures appear to have been replaced by the last two measures of the piece given above. It's a little unclear from the copy I have, but the first two and the second to last measures shown here are clearly scratched out in orig. The rest is probably deleted as well, as in the inserted section, the last two bars of the piece given above, the last note has a fermata and clearly is meant as the end of the piece, which would render the rest superfluous.
